

Rate the following statements regarding the robotic arm during your last interaction.

Questions	Strongly agree	Agree	Neither agree nor disagree	Disagree	Strongly disagree
The robotic arm's movements feel fake rather than natural. (Fake/Natural)					
The robotic arm's behaviour feels more human-like than machine-like. (Machine like/ Human like)					
The robotic arm's appearance and movements seem more artificial than lifelike. (Artificial / Lifelike)					
The robotic arm's actions appear more conscious than unconscious. (Unconscious / Conscious)					
The robotic arm moves more rigidly than elegantly. (Moving rigidly / Moving Elegantly)					
The robotic arm's movements resemble human gestures.					
The robotic arm's speed and motion resemble that of a human arm					
The robotic arm's gestures are meaningful and intentional.
